“ *I was fortunate enough to have been able to work with Connie when she was the Health Information Management Director at both Smyth County Community Hospital and St Luke's Hospital. She was extremely knowledgeable, always did an excellent job, and was a true professional. We were not only co-workers, but were close friends.*

She never failed to brag on her family, and I can't imagine how much she will be missed by them.

“ *Connie was the best boss I ever had! She taught me a lot about handling situations and people. She was patient while I was learning the job and didn't yell at me when I erased the hospital's entire patient data base from the computer on Christmas Eve. She just hung up on me...twice, and threatened my life! Ha! She nicknamed me Squirrel, so that was the first word I heard whenever she would call. We became friends and I will always miss her dearly. We are praying for Harry, Heather and the family that Jesus will wrap His loving arms around them and keep them in peace through this difficult time. Sincerely, Donna, Bill, Chris and Andrew Dunham*

*Connie and I have been freinds for so many years. We started as colleagues and ended as friends. We vacationed together. Best memories ever.
As the song goes, 'it's been a long day without you my friend and I'll tell you all about it when I see you again"
Rest in peace and in the arms of Jesus my friend.
Family take comfort that God and time will heal your saddness.
