“ So sorry Bill, you are in my heart and prayers. Ms Hamby called me late last night to let me know that she had passed.

*Her bright spirit and high energy will live on in all our memories. She continues to inspire me and guide me to always make sure I have the "right process" if I want to have the "right outcome"! She was one of the first to take me under her wing when she saw my interest in politics and making change in my community! I remember her peeking at me as I struggled to hand draw precinct maps at the courthouse to do a voter registration drive in the 80's. Every time I would ask Sandra Cox for something and Sandra said it could not be done I would see Doris's head pop around the corner watching me. Finally after a month or two she said " come here, let me show you what I'm doing here I think it's what you are wanting to know". From then on I became the " other Doris". a little piece of her will live on with all of us whose lives she touched. Love always Doris*
