I am so sorry to hear about James. He was always such a joy to talk to. Also, he was such an encourage9to my son, Jonathan, growing up and learning to play Bluegrass music. Also, he used to walk and talk with Katie at the fitness center encouraging her in her studies preparing to be a doctor. James always took time for people. This is a valuable lesson we can learn from James. He was so encouraging. James Grubb, I won't forget you.

James was a dear friend of ours and will truly be missed. He never met a stranger. He always ended every conversation with "If you ever need anything, call me." He meant every word of that and would have been the first person I would have called! Our lives are much richer having known him.

best salesman ever. James was always looking out for his customers and to say he your sales rep. would be an understatement, he was your friend first and always made time for you, a lost art in today's world. I personally believed he would have gave you the shirt off his back. James truly loved his bluegrass and his family, so my prayers go out to the family
