“ Keith was my best buddy in High school and College. We have lived far apart in different states the past 22 years, but I always thought about him from time to time. I still share stories about our adventures together with my sons (many of which I probably shouldn't! lol.) But no matter what memory I pull up, it is always a happy one. He was not a sad person. He loved life, and his friends and family. I spoke with him before his surgery and he reiterated how important his wife, sons and family were to him. I think God must have needed a guy with the right experience to liven up Heaven. That's why he was called up so young. Donna, my condolences to your whole family. I wish I lived a little closer so I could be there.

“ Dear Donna,

I want to offer my sincere condolences on your recent loss. I was shocked to hear the news of Keith's passing and I can only imagine how difficult it has been for you and your family.

Keith was a special person who could light up a room with his smile. Everyone loved him. I always looked forward to spending time with him.

Though we haven't gotten to spend as much time together in recent years as I would have liked, I considered him among my best and most treasured friends. I could confide in him whenever I needed advice. He was always there for me.

I hope that in some small way these words will bring comfort to you and your family at this sad time.

May God's blessings and peace be with you,

“ I’m at loss for words. From the age of 13 on you were my best friend. All my memories from high school and college you were right in the middle of them. You were always there for me and even as we got older and moved on with our lives I could have always picked up that phone and no doubt you’d be there. RIP Keith! 💔 forever in my heart. My thoughts and prayers go out to Donna, Alan and the entire family
