“ Having close to the same last name we always had classes together, advisory always being my favorite, I was never a morning person but Kelly always made sure to wake me up with a big smile on her face, she'd make sure I ate breakfast because as always, she was selfless, she always made sure her friends and family was taken care of...My favorite memory is when I first moved back to Princeton, I was scared and nervous and I remember Ms. Redhead walking up to me at lunch and wrapping her arm around my shoulder and telling me that even if I felt alone, she was gonna be my best friend till our last breaths...I introduced my brother to her days later when he transferred..we were all inseparable at that point...I will hold her close to my heart for the rest of my life, she was the person everybody aspired to be... and I'm beyond grateful to have her in my life, to have her as a best friend, a sister...Rest in Paradise Kelly Kat ❤️❤️❤️

“ Kelly and I grew to beside each other. We were always outside getting into something or play fighting with her brothers. She was such a kindhearted person and would help anyone in anyway that she could. Heaven definitely gained a wonderful, beautiful, kind hearted angle. Kelly, you'll be missed by so many people. You're loved so very much sweet girl. I know you'll keep Heaven smiling.

“ Kelly was a special kid who could find humor and goodness in just about anything. Kelly was in my advisory and many mornings she and I would exchange "the look" when one of the other kids said something typically ridiculous. We really lost a good one!

“ Kelly, babygirl, you were the light in every fire, the gleam in every smile. I was there when you were born, and God knows how bad I want to come down there to be with your momma and dad and brothers.. But due to this Covid, your mom feels its safer for me to stay put for now. But I will promise you, I will be there as soon as I can. I watched you grow up over the years from time to time, and you grew up to become an AWESOME fun loving gal !!! I will miss our little chats every week, and miss you sayin, I LOVE YOU MAWMAW...all tho I have been crying so much that I cant see, and trying to figure "why" God "why", and I know we are not to question his actions, because he is the one who takes care of us in the end. I know in my heart you are in a much better place then we all here on this earth, with all of this Covid crap... I love you so much Kelly, MawMaw. xoxo
