“ *Lowell and I have been best friends since our college days. We had many good times together. He once while working as a traveling nurse was housed accidentally housed at a nursing home. He was there for three or four nights but I teased him about stealing pudding from the old folks on pudding night. We hunted together, played a lot of golf, camped, shared way to many adventures to mention. At times we had disagreements but our friendship saw us past those times. It's just hard to believe I'll not have. The chance to do those things with him again. Rip buddy.*

“ Oh, Ibby, I am so sorry to learn of Lowell's passing. I just cannot believe that all 3 of your brothers, the guys I grew up next door to are now gone. I have such good memories of our families doing so many things together back then. I confess the strongest memories are of Bill, Butch, Buster, and some of the other boys from the neighborhood torturing and teasing me, and of your Mom and mine trying to find a way to make my hair curly when it was short. The treatments your Mom put me through! You and Lowell were closer to Bob and Barbara but I still have a lot of those memories too. May God holds you right and may you take comfort in knowing your Mom and Dad have their boys back with them. Blessings.

“ Lowell has been a big part of our lives for over 40 years. I don't have any words to say that can express the gut wrenching emotions running through me. So many memories come to mind....he was our family....that pretty much sums it up.....I will miss my buddy.

“ We use to hang out back in the late '70s - early 80's. Lowell was a very kind hearted person. I went to a fraternity formal with him one time, had a great time. Prayers to the family at this time.

“ Wow, I can't believe Lowell has passed. I hadn't seen him in many years. I have some good memories of him from a young age. He was one of the nicest and easy to get along with people I can think of. Everybody was Lowell's friend. He will be missed. Thoughts and prayers to Ibbby and family.

“ Oh the trouble we got in as kids! Seems like just yesterday in some ways and like a lifetime ago in others. I got my 1st broken arm horseplaying in his living room at age 7. Stitches above my eye involving a shovel incident in his garden around age 9. Also a hammer to the top of my head sometime after that, when either he or my brother kicked it out of the tree house we were building. I remember Mrs. Quessenberry putting sugar on my head to stop the bleeding . Also, many nights we played tin can alley with all the neighborhood kids. Camping out and riding bikes to bluestone gorge or the rock quarry to swim. It's a wonder we survived. Great memories !
