“ *To my second family, I am so sorry for our loss. I remember growing up and we could not get away with anything with Norma, she always caught us doing something we weren't supposed to be doing. I loved talking to her when I came up to WV. I am so sorry I could not be there, but you are all in my thoughts and prayers. She will be missed so much. With love to you all, Lenora.*

“ To family of Norma King: Dora, Dennie, and all your families, wish I could be there today with you. I loved Norma so much and always enjoyed being with her and, of course, Bill. There was no couple like them. We spent a lot of joyful hours with them when the kids were little and all of you were together. I have many good memories of those days, and my kids loved going to the country! Norma was so easygoing, always with a laugh and a story, and her wonderful meals! wish I had seen her in recent years. she was one of my favorite people. bless all of you, we love you and wish you peace in losing your wonderful mother.
