“ *Our prayers and thoughts are with you and your family. Roger will be missed. Roger has been in my life from my early childhood days , working at the mines and after I returned back home. He always would take time to talk with me when I would ride my bike up as a child. His smile and unmistakable laugh was always there. He would stop by in these last few years when I was out in the yard to chat a spell on his way to or from your family's house. His memories will live on with all whom knew him. Roger will be missed.*
