“ *My uncle Sheldon and aunt Lynn were a BIG part of my life growing up and even after I was older and married...I will never forget all the laughter we shared or the love I felt that as we as a family shared so many good times at that little campsite..those are memories that can never be replaced or forgotten..He was such a wonderful person and his sense of humor so much like my grandfather. .was hilarious...I will always remember his love to prank, always in good fun..and his singing even as a young girl I can remember him singing as my brother, uncle and I swung on the big porch...he has touched so many and will be sadly missed by all who knew and loved him*
