“ *Actually He has 2 Sons, Josh Mitchem also. And not even acknowledging him in his obituary was just another way to bother my son and that bothers me. But none the less it's no different than anything else he's done.*

Maybe this is the last time he will have to be bothered over anything that concerned him. And even after all that he's done, and all the grief and suffering I'd do it all again because I have the only piece of him that good times a 100. Because Josh is a wonderful husband and father and even though I know it bothers him and nothing I can do about it, he's better off not knowing him. MeleaSawyerCarroll
