“ *Virginia was a very special and kind lady she always looked out for my brother especially after his strokes. With her and her husband across the way I wasn't as afraid that Martin would be alone on holidays and either. Sending love from myself and my children from California to a special lady and her husband condolences to him and your family I know she was loved. She was love.*

“ *To "The Best Grandmother". As I sat here with tears and a heavy heart I can hear you telling me "Janet don't cry for me for you see I am now an Angel, who will never leave your side.". You never did leave us, you always had a bear hug for everyone, a kind word to share. You also imparted so much wisdom with each of us, when we needed a good talking you took on that task with gentleness. Mamaw I was so very Blessed to have known you for sixty years and I will know you until my own demise. I Love You, Grandma.*
